Website Report

- Performance
- Best Practices
- Accessibility
- SEO ranking

The only minor issues found are:

- Image formats like WebP and AVIF often provide better compression than PNG or JPEG, which means faster downloads and less data consumption.
- Properly size images. Serve images that are appropriately-sized to save cellular data and improve load time.

Roadmap

Roadmap was found on the website and is displayed above. They are on the first phase of their plan, and they want to launch the CHIKA NFT and also list on CoinMarketCap and Coincgecko . Among their next phase goals they aim to launch their own Swap app, and apply for listings in major Centralized exchanges.

Potential dangers for remaining Roadmap targets

- Listing on CoinMarketCap requires a lot of trading volume and holders.
- Listing on Coincgecko requires a lot of trading volume and holders

Team & Whitepaper

Team was not found on the website.

This is not a blocker as many project owners will prefer to hide their identities and decide to come forward later.

WhitePaper was not found on the website.

Chika Inu is a memetoken project with reflection tokenomics. Each transaction with Chika Inu will take 9% fee from the user.

This 9% amount is split equally as follows
- 3% Burns automatically and creates deflation.
- 3% Goes back to holders reflections.
- 3% Goes back to liquidity working as an auto generating liquidity protocol.

Contract & Tech

- Contract code is published and verified on BSCAN
- Contract contains a Burn/deflation mechanism

```

- 90-100 score points award you with Gold Badge - low risk.

Your Score

CHIKA is a medium risk project, with a small community and a very interesting meme concept. The smart contract analysis showed no warnings or errors. The project has holder-rewarding tokenomics implemented, auto-generating liquidity and passive deflation mechanism on each transaction to make sure the project scales in the long term. The team was not found or mentioned in the website. Hosting an AMA or doxxing the team is highly advised to provide more confidence and trust to the community.
