Website Report

- Performance
- Best Practices
- Accessibility
- SEO ranking

The only minor issues found are:

- Reduce unused JavaScript. Reduce unused JavaScript and defer loading scripts until they are required to decrease bytes consumed by network activity.
- First Contentful Paint 3G marks the time at which the first text or image is painted while on a 3G network

Roadmap

Roadmap was found on the website and is displayed above. Their "mission" plan is to safely launch their token, apply for listing on various platforms, and finally launch their NFT ecosystem.

Not many details are provided and the content does not provide a thorough explanation of the team's vision.

Potential dangers for remaining Roadmap targets

- Listing on CoinMarketCap requires a lot of trading volume and holders.
- Listing on Coingecko requires a lot of trading volume and holders

Team & Whitepaper

Team was not found on the website.

This is not a blocker as many project owners will prefer to hide their identities and decide to come forward later.

Whitepaper was found on the website.

As explained in their whitepaper, their Tokenomics reward holders and punish sellers. Therefore all holders getting high cyborg redistribution after transactions, while a seller would get taxed for 16% (double the buy fee).

Some Typos were found in the whitepaper.

Contract & Tech

Contract code is published and verified on BSCAN

Contract contains high fees (almost 16% on selling)

- 90-100 score points award you with Gold Badge - low risk.

Your Score

CYBORG is a medium risk project, with a small community and a very interesting concept. The smart contract analysis showed no warnings, but there are very high fees included on transactions. As explained on their whitepaper this is part of their rewarding tokenomics, punishing the sellers and distributing more rewards to the holders. The team was not found or mentioned anywhere and the whitepaper was not created with attention to detail. Hosting an AMA or doxxing the team is highly advised to provide more confidence and trust to the community.
