Website Report

- Performance
- Best Practices
- Accessibility
- SEO ranking

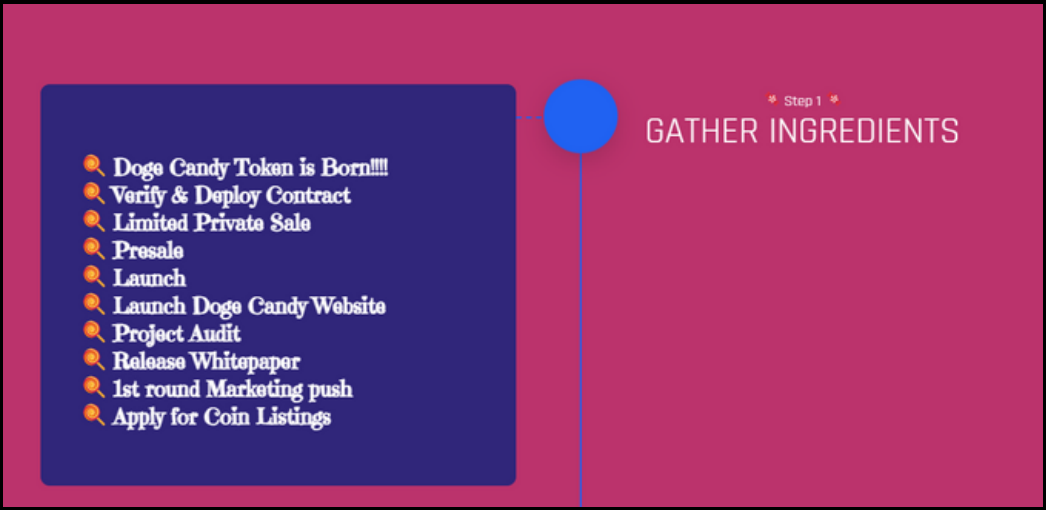

The only minor issues found are:

- Resources are blocking the first paint of your page. Consider delivering critical JS/CSS inline and deferring all non-critical JS/styles
- Largest Contentful Paint took longer than expected
- Speed Index score is lower than expected

Roadmap

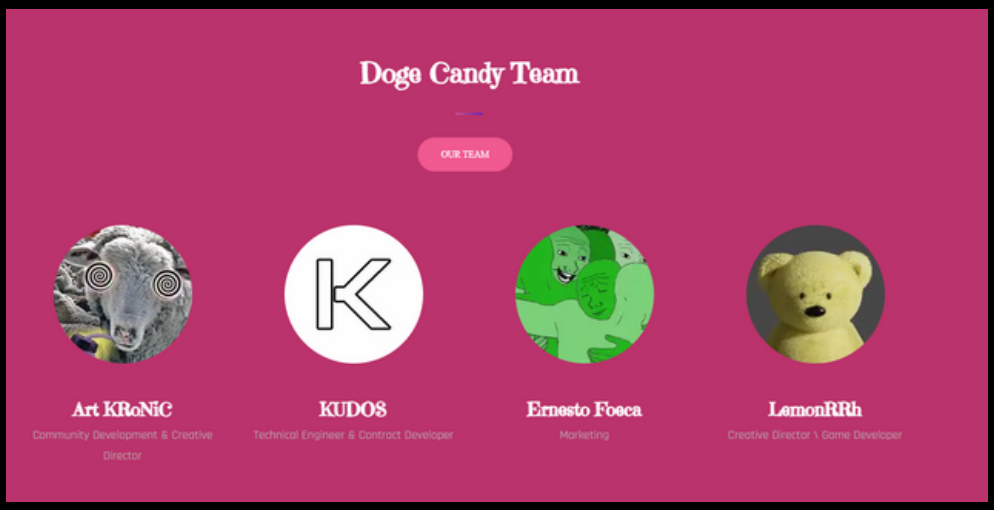

Roadmap was found on the website and is displayed above. All milestones are on track so far and they are heading to the next phase of their plan.

Potential dangers for remaining Roadmap targets

- CoinmarketCap requires high trading volume
- CoinGecko requires high trading volume

Team Analysis

Team section was found on the website and is displayed above.

No social links are found on their profiles so they cannot be matched with any real accounts at the time being.

This is not a blocker as most crypto projects choose to hide their team's identity for security reasons.

Your Score

DCANDY is a low risk project, with a small and friendly community. The smart contract analysis showed no major warnings/errors. The roadmap is very promising, and the team should focus on marketing and business development of the project. A lot of trading volume and A great number of holders will be required for the next steps and the healthy growth of this project.
